ABOUT ME

Born in 1995 in Starogard Gdanski, 50km south from Gdansk, Poland. Graduated Academy of Fine Arts in 2020., diploma in the II sculpture studio, an annex from Medallion art and small sculptural forms - studio of Professor Ludmila Ostrogorska.

"What fascinates me the most is work in metal, but I explore also other fields of visual arts such as: drawing, stained glass, woodcarving or graphic design, which I combine and connect in my art."

I am interested in new materials and technologies. In my free time I am testing my DIY solutions.
